(239) 513-7000, 11190 Health Park Blvd., Naples 34110, 261 beds

...and can pay back its cost in half-a-dozen years or so, with our remarkably thin, flat, photovoltaic system. At times, your meter may run backward! Plus you get government and utility \$ contributions.

In Western Florida, only Sutter Roofing installs the AGT "FlexLight" PV system. Adhered to the roof, the panels hold so strongly that Miami-Dade OKs them for hurricane areas.

They make electricity from sunlight's blue, green, and red spectrums... even under clouds. They weigh only 1 pound per sq ft, vs. 5 for traditional solar systems. A 100-kilowatt system saves 44,000 lbs. of acid rain emissions, 2,200 tons of carbon dioxide, 80 acres of trees, 4,600 barrels of oil.

Email or call about generating electricity with your new or rehab roof.

Southwest Florida's award-winning media outlets are key to helping newcomers understand the unique social, political and business climate of the region.

### Prime Class A Office Location

On prime frontal property along I-75, Forum Corporate Park is ideally situated in the heart of Fort Myers and located between Cape Coral and Lehigh Acres. With I-75 serving as the only interstate that has access to the region, Forum Corporate Park is "The New Gathering Place for Business."

### Upscale Amenities

Forum Corporate Park provides the necessary exposure and infrastructure to support all corporate business requirements. The seven Class-A office building campus boast abundant parking, private roads, walking, jogging, and bike paths, and convenient access to The Forum at Fort Myers community. Forum Corporate Park is designed to meet the corporate needs and flexibility of all professional office and medical users.
